

# LawSelect

**The concept behind LawSelect is simple.**

**When like-minded professional firms collaborate in an exclusive programme combining Professional Indemnity insurance with the resources to improve their practices, everyone benefits. Great relationships make for great business.**

*It's crucial that every facet of your practice contributes to the quality of your services and to the bottom line.*

*If you've always considered PI insurance as a mandatory expense of doing business, but not much more, we invite you to learn about LawSelect's new programme for turning your PI insurance into an asset for your company.*

*In simple terms, LawSelect is a Professional Indemnity programme which provides participating firms with premium stability through risk and claims management.*

*More specifically, LawSelect is a programme which combines insurance protection with risk and business management, consultancy services and expert solicitors for claims management and defence.*

## Supportive underwriters

The foundation of the LawSelect programme is PI insurance coverage, provided by A-rated insurers. The exclusive panel comprises Lloyd's of London syndicates and company insurers sharing risk on a co-insurance basis.

## Expert broker

Paragon is an independent Lloyd's broker, specialising in PI insurance. Paragon's specialist UK Solicitors team has over 35 years experience in assisting law firms with their PI insurance. Participating law firms will benefit from the knowledge and skills of the team and receive a professional and personal service.

## Risk and business management services

LawSelect has an innovative and unique approach to risk and business management. Participating firms will benefit from an insurer subsidised management programme provided by external third party experts. LawSelect provides the highest quality risk and business management services, supporting firms to improve their risk profile and claims record.

LawSelect members can benefit from:

- Assistance with OFR, Code of Conduct and Solicitors Accounts Rules
- Access to best practice document library
- COLP/COFA assistance including telephone helpline
- Assistance with complaints handling
- Topical CPD accredited webinars on latest claims trends and regulatory issues
- Guidance on anti-money laundering rules and regulations
- Business efficiency and work process reviews
- Assistance with risk review and business continuity plans
- Assistance with Lexcel and other quality accreditations
- Full credit control and debt recovery service
- Assistance with mergers and acquisitions

## Claims handling and management

Claims do happen. When they do, LawSelect provides solicitors to pre-emptively manage the claim and bring it to a successful resolution. Claims handling is provided by a specialist insurance law firm with a proven track record of minimising losses. Participating firms benefit from direct lawyer to lawyer contact throughout the process ensuring the right outcome is reached in the quickest time possible. As solicitors in private practice, they understand the importance of your relationship with the claimant, who is also your client. Therefore, the claim handling process is carefully managed to protect important relationships.
